FUN!... FUN!...FUN!

That was what the members had
 that attended the Stockton
 Yatch Club's parties the first week-end in May.

We all celebrated Cinco de Mayo on Friday
 night and the Kentucky Derby on
 Saturday. Of course, this is obvious by
 looking at the pictures.

This was our first visit to their club and
 we were very impressed with their
 clubhouse
 and marina.

It was a
 beautiful, landscaped area. The
 snacks, Margaritas, mint juleps and
 dinners were also excellent. We
 hope they invite us back again!

COMMODORE REPORT

by Linda Champion

We had a great turn out for our May dinner, the weather was cool and rainy, but fun none the less. I realize that driving in for a Friday dinner is tedious to say the least with traffic, but I am usually there by 1pm, so come early and forget the traffic. Cookie and, or Sheri, are usually with me so it is a great time to relax and visit.

I cannot let it go without saying one more time a HUGE thank you to Cookie and the entire Club for your tremendous support with the brunch. After reviewing all of the final sales, we made a few dollars shy of \$3,000.00. I think that for a Club our size, that is a tremendous success!!

The health and welfare of the Club members as a whole are also doing well. It's now boating time and let's all have a great summer. Frank and I will think of you as we are cruising the European waters. See you when we get back.

The next dinner is June 16th with the bar opening at 4:30 and dinner at 6:30. Your hosts are the Olsons.

Happy Boating!

Vice Commodore & Activities Report...

by Sherri Olsen

Our first cruise this season is to the Stockton YC on May 5-7. By the time you read this, I am sure those of us that attended had a great time.

Our next cruise is to Sacramento YC for the Jazz Festival. Sherri Olson is in charge of this cruise, so please get with her ASAP if you want to go.

June is to Caliente Isle, and I will have all of the information for that cruise at the May dinner.

Cruise Report...

by Linda Champion

Our cruise to the Stockton YC in May was a fabulous time. The Olsons and ourselves went by boat with the Beauchamps, Hanlons and Weavers by car. Friday was a great Cinco De Mayo themed dinner and was delicious. Saturday we all dressed in our derby hats and attended the festivities of the Kentucky Derby. Our Club's horse came in second in a mock horse race. Stockton YC did a great job and we felt right at home.

Sherri is leading the group to the Sacramento Jazz Festival at the Sacramento YC on Memorial Day weekend. Ryans and John Howard with the Weavers will join the Olsons for a great time. Come down by car and say hello if you have some time.

Our cruise for June is to Caliente' Isle YC on June 23-25th. I have collected all the money and it has been turned in. We have seven boats coming....what a great showing of spirit. Our July cruise is to the Commodore Island of Cruiser Haven YC. This is a wonderful island by King's Island Resort. I will be giving the information out at the June dinner.

Have fun and be safe.

CALLING ALL WOMEN... HOW DID YOU LEARN TO BOAT?

BoatU.S., the nation's leading advocate for recreational boaters, would like to know more about how women got started in recreational boating.

To do this a new 15-question survey for women boaters is posted online at www.BoatUS.com/women that asks them about their boat training and educational experience.

"In previous surveys, women boaters have identified education and training as a major issue impacting their participation and enjoyment of boating," said Elaine Dickinson, who heads up the BoatU.S. - Women in Boating outreach effort.

"With this new survey, we would like to find out more about how women learn and acquire skills, what works best and why, when it comes to any watersports.

Dickinson says the association hopes to share the information in an effort to spur more women to take up boating. "There are many reasons why women don't actively boat — careers, raising families, a lack of on-the-water experience or confidence in their skills, or there's no mentor available who can teach them the ropes. If we look at those who have successfully used formal or informal training or other kinds of boater education perhaps we can replicate their path to recreational boating for others," she added. It is hoped the results can also aid boating educators to tailor their teaching techniques to today's more diverse would-be boaters.

BoatU.S. - Boat Owners Association of The United States - is the nation's leading advocate for recreational boaters providing its 640,000 members with a wide array of consumer services including a group-rate marine insurance program that insures nearly a quarter million boats; the largest fleet of more than 500 towing assistance vessels; discounts on fuel, slips, and repairs at over 825 Cooperating Marinas; boat financing; and a subscription to BoatU.S. Magazine, the most widely read boating publication in the U.S.

For membership information, visit www.BoatUS.com or call (800) 395-2628.
